

## PROFESSIONAL SUMMERY

Deeply curious about technology, I have developed a profound understanding of programming languages, frameworks, and best practices in software development. I derive great satisfaction from solving complex problems and creating user-friendly, efficient, and scalable solutions. My experience includes building seamless user interfaces using HTML, CSS, and JavaScript, and utilizing modern frameworks and libraries to enhance functionality and improve the user experience. Furthermore, I have a strong understanding of responsive design principles and excel in collaborating effectively with teams.

## PORTFOLIO

## WORK HISTORY

### Silver Denim Ltd - Front End Developer

Export Processing Zone

01/2025 – Current

- Utilized HTML, Tailwind CSS, and React js to create visually appealing and responsive web pages that met client requirements.
- Coded using HTML, CSS, and JavaScript to develop features for both mobile and desktop platforms.
- Worked closely with UX/UI designers to translate their designs into functional web applications.
- Utilized version control systems such as Git to track changes throughout the development process.
- Collaborated with back-end developers to improve website functionality and integrate new features.
- Optimized site content for mobile devices using responsive design techniques.

### Silver Denim Ltd – IT Office Assistant

Export Processing Zone

01/2025 – Current

- Provided day-to-day technical support for hardware, software, and network issues in a fast-paced office environment.
- Installed, configured, and maintained office computers, printers, and other IT equipment.
- Assisted with the setup and integration of IP cameras for remote monitoring and access control.
- Installed, configured, and maintained office surveillance (CCTV) systems to ensure workplace security.

## SKILLS

### HTML

### CSS

### REACT JS

### EXPRESS

### Mongo DB

### API Integration

### Frontend Development

### Teamwork

### Teaching

### Responsive Web Design

### State Management

## EDUCATION

### Federal Urdu University Arts And Science Technology

Karachi, Sindh 02/2022 – 02/2025

### Bachlors : Computer Science

Project Management Tool – Final  
Year Project

### Emerson College

Multan, Punjab 06/2020 – 05/2022

### FG Boys High School Multan Cantt

Multan, Punjab 05/2018 – 04/2020

## CERTIFICATION

### Web Engineering Diploma, MITI

Karachi 06/2022 – 12/2022

### MS Office Course , Noor Institute

Multan, Punjab 09/2019 – 12/2019

- Monitored and managed inventory of IT supplies and hardware components.

### **Full Stack Developer - Remotly**

Lahore

10/2024 – 12/2024

- Developed dynamic and responsive web applications using Next.js for server-side rendering and seamless user experiences.
- Built robust RESTful APIs and backend logic using Laravel, integrating MySQL databases and authentication systems.
- Implemented responsive UI with **Tailwind CSS** (or styled-components) ensuring mobile-first design principles.
- Assisted with basic debugging, testing, and deployment under the mentorship of senior developers.
- Gained hands-on experience in deploying applications and monitoring performance in real-world environments.

### **Concordia College Malir - Lecturer, Computer Science**

Karachi

08/2022 – 07/2023

- Develop and deliver lectures on computer science topics, including programming, algorithms, databases, software engineering, artificial intelligence, etc.
- Create and update course materials, including lecture slides, assignments, and lab exercises.
- Design and grade assessments, such as exams, quizzes, projects, and assignments.
- Collaborate with colleagues on research, teaching initiatives, or interdisciplinary projects.
- Participate in academic committees, conferences, and workshops to further professional development.
- Engage in continuous learning through professional development courses, workshops, and seminars.

### **The Practical Couching - Computer Course Instructor**

01/2020 – 06/2021

- Giving students Hands-on experience on Basic computer operations
- Giving in detailed knowledge of hardware, software and Applications
- Teaching the use of different tools and applications including MS Office and Advanced technology
- Tailored instructional approaches to meet individual student needs while maintaining high expectations for all learners.
- Mentored students on individual projects, fostering creativity and critical thinking skills.

## **■ Accomplishments**

- Bakery App, Developed a Bakery Windows app as a personal project, focusing on the frontend development.
- Project Management System, Developing a web application for project management system for office.
- Portfolio Web, Developed a Portfolio Website as a personal project, focusing on the frontend development.
- Youtube Clone, Application has only main home page that was designed using HTML, CSS, and JavaScript.
- Facebook Sign Up Page Clone, Application has 3 main pages including log in, sign up and forget password web pages.
- Resolved product issue through consumertesting.

## **■ LANGUAGES**

- English
- Urdu
- Pashto
